

BALI TOURS

Prices are from our 2015 trip.

SATURDAY, SEPTEMBER 12th, 9:00 a.m.

QUAD OR BUGGY RIDING:

This sounds like a lot of fun. Let's get off the beaten path! This company offers both quads and what they call buggys (see photo to right). You will drive your self with a specially designed off road car or 4-wheel motorcycle that copes with all kinds of terrain through an authentic part of Bali, passing rice fields, crossing jungle and driving through some Balinese kampongs (villages). After arrival in our starting point and having received your

welcome drink, you will get started by practicing your vehicle on our training circuit, and after driving some test tracks on our practice spot, you will be able to operate it yourself and start for some 2 hours of an adventurous sightseeing tour.

During the tour there will be a short stop along the way, where you can enjoy real Balinese coffee at a traditional house. From there we continue the tour through different landscapes. Be ready for some views beyond description.

When we finally reach the ending point, you can enjoy our popular extended hot lunch buffet (included).

What makes our tour unique is the fact that we reach the most hidden spots on the island, where we meet the friendly local people, and we mostly use small tracks which are also used by them. To ensure that we don't disturb the environment, and to give all our participants a maximum of assistance and service, we normally only drive with small groups. All of our tours are accompanied by experienced, English speaking guides. If we have people joining with very different skills, we will split up in different groups, to make sure that everybody can enjoy in his own way. Therefore, our tours are suitable for all ages, as long as you are in a good physical shape.

They've got 18 quads and 7 buggys. Please indicate what you prefer when you sign up.

Upgrading your vehicle

For single quad drivers we give the opportunity to upgrade the quad bike to Polaris. A driving skill test will be conducted in our training circuit before the tour to test the pilots driving experience. If granted there will be an additional charge of \$US 35, which will be charged on the spot.

Cost: \$85 (reg. \$108) for single rider (quads or buggys). Double up and pay \$70 each.

We will even ride around the beautiful terraced rice paddies. Your trip will include all safety guidelines and instruction as this is an activity that involves no necessary prerequisite training or experience, any riders who are already experienced will be ran through this quickly and will be able to ride more freely around the beaches and possibly try some of the cross country style jumps. You will have a chance to swim with the horses in the sea. You will have refreshments provided as well as your lunch. Bring long pants for this activity. SCUBA DIVERS! Our boat was not offering scuba diving so I contacted World Diving located right on Lembognan Island. They can offer up to 16 divers a one tank dive. A one tank dive is usually 55US\$ but they are offering us a group discount of 45US\$ per dive. We will likely do a dive called Mangrove which is on the north coast of Nusa Lembongan - it is a gently sloping reef with a phenomenal variety of fish and coral life! The visibility is usually 25 meters plus and the water is around 82 degrees! The ratio of divemasters/instructors to divers is one to four. This should be a very nice, easy dive.

SCUBA INTRO: There is a scuba intro that non-divers can do for \$75. Space is limited to 4 people.

RIVER RAFTING

This was one of the best tours from our last trip to Bali. Look at that nice group photo on the left from our last trip. Grab your oars and get ready to rage with this exhilarating rafting adventure on the spectacular Ayung River. Whether you are a natural or a novice, our white water rafting in Bali ride is safe, fun and a breathtaking experience to be enjoyed by the whole family with Bali's premier tours

company on the island's most scenic river. It's an easy entry level float down scenic terraced emeralds rice paddies, along lush tropical gorges, smiling brown kids waving and smiling as you go by- one of my most memorable Bali experiences- for sure not to be missed. Seasonally adjusted for rainfall the difficulty may vary. **COST: \$65** (reg \$85).

ELEPHANT RIDING

After our river rafting we'll have a short transfer over to the elephant park. Without a doubt the Elephant Safari Park in Taro is a MUST for visitors to Bali, and is the ONLY complete elephant experience in the world - making it truly unique. Get up close and personal with these incredible animals in a

beautiful tropical park setting. Elephants can be seen immersing themselves in the park lake, in between riding, painting or other activities. Hand feed them, touch them, take photos with them, then learn more about the elephants ancestry and diversity at the parks historical and graphic displays. The riding portion will be for 30 minutes. If you only want to do the elephant riding and not the river rafting, that is not a problem. If you want to go back and not go to the elephant park that is also not a problem. **COST: \$85** (reg \$92)

MOUNTAIN BIKING and more HORSEBACK RIDING or QUAD RIDING

MOUNTAIN BIKING

This is another highly recommended tour. The cycling experience will start from picking you up at your hotel resident and drop in at [Kintamani](#) for a tasty morning tea overlooking to Batur Lake and the volcanic smoke plumes of Mount Batur. The experience starts circling downhill by Modern Mountain bikes to quiet villages that expose the heart of Bali. Along the path of sleepy villages, local farmers cultivate their rice field and mother brings their children to the road by waving their hands as a welcome greeting. Frequently stops for awhile to observe the temples. The shady plantations and picturesque

villages give rare insight into the traditional life style. An escort with the air conditioning vehicles awaits and ready to take you to an extravagant buffet lunch before returning to your hotel. The adventure will be ending once you arrive at your hotel. **COST: \$55** (reg \$79)

VW JEEP TOUR IN SMALL GROUPS

By this time in our trip you might enjoy breaking off into smaller groups to see more of the island. Here's another option that you can consider signing up for in small groups of 3 people but we can also match people up. It's a tour with one guide for just 3 people, so more intimate. They are able to take you out all day or half a day in these classic VW jeeps. Wasn't it called The Thing? The cost is very reasonable at just \$65 per car. You don't have to sign up for this in advance. Here are 4 sample itineraries they can offer:

Tour Options :

- 1). **Tanah Lot** : Alas kedaton, batukaru temple, jatiluwih, bedugul, baha, tanah lot, lunch at local restaurant.
- 2). **Lovina** : Mengwi royal temple., bedugul, baha, pancasari, gitgit water fall, banjar, belimbing, lunch at local restaurant

We will have representatives from Bali Trips available at our hotel during our periods of loading and unloading from our tours. So if you would like to grab 2 other people and sign up

for this and tour the island at your own pace, this is for you. You don't need to pay for this in advance.

SCUBA DIVING – WRECK DIVE

If you are going on either or both of our island tours above that may be all the optional diving you will need. However, if you're looking for something more, the best diving on Bali is on the other side of the island and is about a 2-hour drive each way. We'll use Eco-Dive for our dives whom were recommended to me as the company that has been established in Bali for a very long time and specialize in groups and took care of our group last time. Check their website: <http://www.ecodivebali.com/> The best site overall in Bali is the Tulamben wreck and this our dive experts suggestion for both experienced and beginner divers.

COST: They charge US\$75/person for 2 dives including equipment and guide. Transport from Jimbaran extra. Our group rate is:
For 1-5 persons we offer a 20% discount; for 6-10 = 25%; 11-15 =30%; 16-20 = 35%; +21 = 40%.

Transport is Rp450,000/car (About \$50 - max. 4 persons) or Rp900,000/mini-bus (About \$100 - 8 - 10 persons).

For absolute beginners we offer an introduction course for \$95/person. This includes a training dive in Amed followed by a fun dive on the wreck.

Please check www.ecodivebali.com/ for a list of other sites and courses. Please don't forget your "C card".

Let us know if you are interested in doing this wreck dive, or if you would like to take the beginner dive. If you do express an interest we will see about what day would be the best to set this up.

SATURDAY, SEPTEMBER 19th

Half Day Bus Tour – Tanah Lot, 1 p.m.

You might be feeling like getting a message or just enjoying beautiful pool area this morning so we'll make this a late afternoon tour to also enjoy a beautiful sunset.

This would also make a good morning to do the horseback riding if you didn't get a chance.

our

http://www.penjortour.co.id/mengwi_alas_kedaton_tanah_lot_tour_bali.html

A visit to the former Royal Temple at Mengwi, the holy monkey forest of Alas Kedaton, then continue to see the temple sanctuary of Tanah Lot and enjoying beautiful sunset. One of the favorite temples of

this tour is Tanah Lot Temple. It was this tour that we witnessed the ceremony with the Hindus walking out to the island in their colorful dress (see photo above). I'm hoping this is happening again, but either way it's another fun, half-day tour that we can all do together. 5 hours. **This tour is included.**

Small group day

Last chance to see some sights, shop, or just relax. Some people enjoy getting a few people together and going in on a taxi that can take you anywhere you like. Maybe finally just hang out at the pool with your new friends. I definitely recommend shopping in Ubud where you will find lots of artists and wood carving. If you missed one of tours such as horseback riding let us know that you would like to go today.

COMBINE TOURS TO REDUCE DRIVE TIME!

The one complaint we have had on our Bali trips in the past is the amount of time spent on the road driving to some of the tours. This can be reduced by combining 2 or even 3 tours in one day that are located in the same general area. Plus you will save money. So we have put another column on the sign up sheet for those of you who like this idea:

COMBO OF MOUNTAIN BIKING AND ELEPHANT RIDING: \$125 (normal USD 144) at the same area.

COMBO OF MOUNTAIN BIKING AND RIVER RAFTING: \$115 (normal USD 132) at the same area.

COMBO OF MOUNTAIN BIKING, RIVER RAFTING AND ELEPHANT RIDING: \$180 (Will require an earlier departure).

COMBO OF RAFTING AND ELEPHANT RIDING: \$120

Please use the form below to circle the tours you'd like to do and mail it back with a check or fax the form back to us with your credit card (we must add a 3% credit card fee). You may also just send us an email and give us your choices along with permission to use the card we have on file for you.
